

Franchise/License Information

Limited Franchise/License Agreements are now available for owning and operating your own Village Deli & Grill

The first Village Deli & Grill was opened in 1996. The idea and goal was to design a rustic atmosphere that was warm and inviting while providing our customers with great service and quality food. Our menu was thoughtfully designed with a selection of homemade products from recipes that were passed along from friends and family. Over the last twenty years we have enthusiastically strived to maintain our high standard of service and provisions while building loyal customer relationships. Throughout these years we have been able to establish a management structure that will allow us to support and provide our objective of maintaining consistency in our stores. We are now pleased to offer an opportunity for selected individuals to expand our concept.

We offer the following for any approved licensee:

- site selection and lease assistance
- plan layout, equipment selection, and store design
- training and management assistance
- proven menu
- established food and beverage vendors
- homemade recipes, and food prep training
- proven customer acceptance
- access to software systems and controls

As a guide-- the serious franchise/licensee should consider:

- minimum estimated investment of \$450,000
- initial one-time franchise/license fee of \$12,500
- monthly franchise/license fees of 2% of sales
- restaurant experience required

If you have serious interest in discussing a franchise/license agreement with the Village Deli & Grill please email: krista@villagedeli.net
